

## Rim View Community Church

### Health and Wellness Policy

To keep all of our children and volunteers safe and healthy, please adhere to the following guidelines:

Do not send your child to church if any member of the household has been sick in any way within **48 hours prior** to the class or event. This includes a fever of 100.0°+, chills, vomiting, cough, sore throat, persistent headache, rash, severe fatigue, and any other symptom that is concerning.

A child or volunteer will be sent home during an event if they present any of the above-mentioned symptoms.

If a child or volunteer presents the above-mentioned symptoms within **48 hours after** a church activity, we require the volunteer or parent/guardian to notify the church immediately, regardless of a COVID-19 test or diagnosis. All volunteers and children who were in contact with the ill person will then be notified by church staff.

Cancellation of future activities based on illness in the group will be made on a case-by-case basis in consideration of the safety and health of all participants and the availability of volunteers.

Please err on the side of extreme caution when possible.
